Dear Mrs. Manley:

Thanks for your letter of March 24 enclosing copy of your team work sheet.

The only reason that I wrote you about the East Orange dates is the fact that I wanted to give you the first preference before contacting some of the other teams to find out if they wanted to play. I didn't want to get their dates set and then have you ask for one that they may want, or that may have already been booked for them.

As far as the Pushwicks are concerned the only available dates that you have are night dates. They haven't definitely decided when they will open and as soon as they do I will see what can be worked out for you.

Any players that you agreed to loan to the Yankees will be returned to you and I shall be very glad to give you a letter to this effect for any players that you are kind enough to let them have. Of course we would like to have an understanding whereby we could return these players to you, say in a week or two after you demand them. In other words, we don't want to be left without players if we had to return them on a minute's notice.

Appreciate your cooperation.

Very truly yours,

Beekman
